

Purchase Order General Terms and Conditions

1. **ISSUANCE OF ORDERS:** <The Company> (herein referred to as Buyer) Purchase Orders (PO) are binding agreements. Only Buyer's Purchase Agents (PA's) are authorized to issue PO's on behalf of the company. Purchase Agents shall place orders by the use of PO's. All Buyer's contractual directions (including, but not limited to, pricing, delivery, and configuration changes) shall be authorized in writing by Purchasing Agents only.

2. **ACCEPTANCE:** Each Order is Buyer's offer to Seller and acceptance is strictly limited to its terms. Buyer shall not be bound by and specifically objects to any term or condition, which is different from, or in addition to the provisions of the Order, whether or not such term, or condition materially alters the Order. Seller's commencement of performance or acceptance of the Order in any manner shall conclusively evidence Seller's acceptance of the Order as written. Buyer may revoke without any obligation any Order prior to Buyer's receipt of Seller's written acceptance or Seller's commencement of performance.

3. **PURCHASE ORDERS:** The PO shall include the following information: PO Number, Item Number, Part Number, Part Description, Quantity Ordered, Unit Price/Lot Charge, Required on Dock Delivery Date, and Signature of Authorized Buyer. Any changes to an order will be made using a Purchase Order Change (POC). The Seller shall proceed immediately to perform the order as changed. Seller shall notify their PA immediately of any proposed changes to a PO, either verbally or in writing. If a proposed change is accepted, it will be formally acknowledged through a POC to document the change. Seller shall specify in writing any reason for rejecting an order and any changes or additions that would make the order acceptable to the Seller. Any charges that do not appear on an authorized PO will not be considered valid charges and will not be paid. All prices shall include applicable taxes, except sales taxes which are to be separately shown where applicable. Seller warrants that the prices charged for the Goods or Services ordered will be as low as the lowest prices charged by the Seller to any customers purchasing similar goods or services in the same or smaller quantities and under like circumstances.

4. **PACKING AND SHIPPING:** Seller shall make no charge for packaging or storage. All Goods shall be packaged, marked, and otherwise prepared in accordance with good commercial practices to obtain the lowest shipping rates and in accordance with all applicable federal, state and local packaging and transportation laws and regulations. Seller shall package Product so that it is protected against damage during transport. The seller shall prevent, detect and remove any foreign objects that could damage Product during shipment. Seller shall mark on containers handling and loading instructions, shipping information, order number,

item and account, shipment date and names and address of Seller and Buyer. An itemized packing list shall accompany each shipment.

5. **DELIVERY:** Title to and risk of any loss of or damage to the Order shall pass from Seller to Buyer at the FOB point, as specified on the applicable PO, except for loss or damage thereto resulting from Seller's fault or negligence. Unless otherwise specified on the face of this order, the FOB point shall be Buyer's location designated on the face of this order. Passage of title on delivery does not constitute Buyer's acceptance of Products. Seller may not make early or partial deliveries without prior written authorization from Buyer. Seller shall notify Buyer immediately of any circumstances that may cause a delay in delivery, stating the estimated period of delay and reasons, therefore. If requested by Buyer, Seller shall use additional effort, including premium effort and shall ship via air or other expedited routing to avoid or minimize delay to the maximum extent possible. All additional costs resulting from such premium effort or premium transportation shall be borne by Seller, except for such costs attributable to delays caused directly by Buyer.

6. **INVOICING:** After each shipment made or service provided under this order, Seller shall send a separate invoice, including item numbers, in duplicate, accompanied by a bill of lading or express receipt. Payment of invoice shall not constitute acceptance of the Goods or Services and shall be subject to appropriate adjustment for failure of Seller to meet the requirements of this order. Payment terms are net 30 days. Buyer may set off any amount owed by Seller or any of its affiliated companies to Buyer against any amount owed by Buyer to Seller under this order.

7. **PERFORMANCE:** If Buyer determines, at any time or from time to time, that it is not sufficiently assured of Seller's full, timely and continuing performance hereunder, or if for any other reason Buyer has reasonable grounds for insecurity, Buyer may request, by notice to Seller, written assurance (hereafter an "Assurance of Performance") with respect to any specific matters affecting Seller's performance hereunder, that Seller is able to perform all of its respective obligations under the terms of the order when and as specified herein. Each Assurance of Performance shall be delivered by Seller to Buyer as promptly as possible, but in any event no later than 15 calendar days following Buyer's request, therefore. Each Assurance of Performance shall be accompanied by any information, reports or other materials, prepared by Seller, as Buyer may reasonably request. Buyer may suspend all or any part of Seller's performance hereunder until Buyer receives an Assurance of Performance from Seller satisfactory in form and substance. At Buyer's request, Seller shall provide at Buyer's facility or at a place

designated by Buyer, a review explaining the status of an Order, actions taken or planned to relate to the Order and any other relevant information. Nothing herein may be construed as a waiver of Buyer's rights to proceed against Seller because of any delinquency. Failure to maintain expected quality acceptance rating may result in removal from Buyer's Approved Supplier List.

8. RESIDENT REPRESENTATIVE: Buyer's authorized representatives may enter Seller's plant at all reasonable times to conduct preliminary inspections and tests of the Products and work-in-process. Buyer may, in its discretion and for such periods as it deems necessary assign resident personnel at Seller's facilities. Seller shall furnish, free of charge, all office space and other facilities and assistance reasonably required by Buyer's representatives at Seller's plant. The resident team will function under the guidance of the Buyer's manager. The resident team will provide communication and coordination to ensure timely performance of the Order. The buyer's resident team shall be allowed access to all work areas, Order status reports and management review necessary to assure timely performance and conformance with the requirements of each Order. Notwithstanding such assistance, Seller remains solely responsible for performing in accordance with each Order.

9. INSPECTION: (a) All Goods shall be inspected and accepted by Seller prior to shipment to Buyer. (b) All Goods may be inspected and tested by Buyer, its customers, higher tier contractors, and the U.S. Government, at all reasonable times and places. If such an inspection or testing is made on Seller's premises, Seller shall provide, without additional charge, all reasonable facilities and assistance for such inspections and tests. All inspection records relating to the Goods shall be available to Buyer its customers, and the U.S. Government, at all reasonable times and places during the performance of this contract and retained for a minimum period of seven (7) years or for such longer periods specified by Buyer. Seller must have Buyer written approval before disposal/disposition of any records. (c) Final inspection and acceptance by Buyer shall be at Buyer's plant or shipping destination unless otherwise specified in this order. Such inspection shall be in accordance with the customary established inspection procedures. If rejection of a shipment would result from Buyer's normal inspection level under such procedures, Buyer may, at its option, conduct up to 100% inspection, and charge the Seller the reasonable costs thereof. (d) No inspection (including source inspection), tests, approval (including design approval), or acceptance of the Goods shall relieve Seller from responsibility for any defects in the Goods or other failures to meet the requirements of this order, or for latent defects, fraud, such gross mistakes as amount to fraud, and Seller's warranty obligations. If the Goods are defective or otherwise not in conformity with the requirements of this order, Buyer may, by written notice to Seller (1) Rescind this order as to such Goods. (2)

Accept such Goods at an equitable reduction in price. (3) Reject such Goods and require the delivery of replacements. A written notice specifying such Goods

are replacements shall accompany deliveries of replacements. If Seller fails to deliver required replacements promptly, Buyer may (1) Replace or correct such Goods and charge the Seller the cost occasioned Buyer thereby (2) Terminate this order for cause as provided in Section 20b hereof. Rights granted to Buyer under this Section 9 are in addition to any other rights or remedies provided elsewhere in this order or in law.

Unless otherwise authorized in writing by Buyer, Seller shall use such equipment solely in the performance of purchase orders for Buyer. Seller shall be responsible for any loss, damage, or destruction to such equipment, but Seller shall not include any insurance cost therefore or cost to store in the prices charged under this order. Buyer also reserves the right to request and receive list of Buyer's owned tools in supplier's possession and to audit said list against actual tools at supplier's facility. Buyer reserves the right, at its sole discretion, to remove any Buyer owned tooling, if Buyer feels work is in jeopardy.

11. MATERIAL: If Buyer furnishes any material (such as extrusions, fasteners, bearings, bushings, etc.) for fabrication hereunder Seller agrees (a) Not to substitute any other material in such fabrication. (b) Title to such materials shall not be affected by incorporation in or attachment to any other property (c) All such material (except that which becomes normal industrial waste or is replaced at the Sellers expense) will be returned in the form of products or unused material to Buyer. In addition, Seller shall inspect any Buyer furnished material and shall have the right to reject any nonconforming material but in the event of losses or attrition thereafter Seller shall be responsible for replacing such material at Sellers expense. Inaccuracies, out of tolerance conditions or inadequacies in quantity of materials accepted by the Seller shall not excuse performance in strict accordance with the applicable specifications and/or drawings. Buyer-supplied, owned, or dedicated product or materials shall not be sold, delivered, given, or otherwise used by or for any other customer or supplier without the Buyer's written agreement.

12. CONFIDENTIAL OR PROPRIETARY INFORMATION AND PROPERTY: Seller shall keep confidential and otherwise protect from disclosure all information and property obtained from Buyer in connection with this order and identified as confidential or proprietary. Unless otherwise expressly authorized

herein or by Buyer, Seller shall use such information and property, and the features thereof, only in the

performance and for the purpose of the order. Upon Buyer's request, and in any event upon the completion, termination or cancellation of this order, Seller shall return all such information and property to Buyer or make such other disposition thereof as is directed by Buyer. Seller shall carry and maintain insurance coverage satisfactory to Buyer to cover the above, and upon Buyer's request, shall furnish Buyer with evidence of such insurance in a form satisfactory to Buyer.

17. ASSIGNMENT: Seller shall not assign this order or any rights under this control without the prior written consent of Buyer, and no purported assignment by Seller shall be binding on Buyer without such written consent.

CANCELLATION: Buyer may terminate all, or part of any order issued hereunder, by written notice to Seller. Any such written notice of termination shall specify the effective date and the extent of any such termination. Any partial termination of an order shall not alter or affect the terms and conditions of the order or any order with respect to materials not terminated. The performance of work under this agreement, which has not been delivered in accordance therewith, may be terminated without cause, by the Buyer upon written notice. Buyer will make reasonable effort to provide 90 days written notice to Seller of desire to terminate agreement.
